

## Who We Are

### We are the difference

**Our attorneys work together as a team and treat one another with respect, trust and dignity. While we hold one another to the highest standards, we also bring enthusiasm, entrepreneurial zeal and commitment to advancing the business of our clients and our firm.**

Munck Wilson Mandala is recognized as one of the nation's leading technology-focused law firms. Our attorneys have established a substantial track record of handling complex legal matters in courtrooms and boardrooms around the world. Many of our attorneys hold engineering degrees and have worked as technologists and engineers themselves, providing clients with an uncommon level of expertise.
