**Anthony Salazar is a patent agent in MWM's technology and intellectual property group. Anthony focuses his practice on patent preparation and prosecution before the U.S. Patent and Trademark Office.**

Anthony's professional experience includes conducting highly technical invention disclosure meetings as well as preparing and prosecuting domestic and international patent applications in various technical areas including electronics, telecommunication, biotechnology, chemistry, and oil and gas production.

As a patent agent, Anthony stays updated on domestic and international patent laws and regulations to ensure clients receive informed and effective guidance on obtaining patent protection.

Anthony earned his undergraduate degree in electrical engineering at Texas A&M University. He is currently a J.D. candidate at South Texas College of Law Houston expecting to graduate in May 2025. Before joining Munck Wilson Mandala, Anthony worked at a boutique intellectual property law firm in Houston, advising on intellectual property protection strategies as well as successfully obtaining IP protection for numerous clients.
